Summary

Entry-level **User Interface (UI) and User Experience (UX) Designer** with a solid foundation in **user research, wireframing, prototyping, and visual design principles**. Skilled in creating **user flows** and **interfaces** that focus on **usability and accessibility**. Highly motivated to **learn, grow**, and contribute to projects that deliver **engaging digital experiences**.

SKILLS

UI Design: Visual hierarchy, layout, typography, color theory, design systems, responsive web design

UX Design: User research, persona creation, wireframing, prototyping, User Journey map.

Tools: Figma, Clickup.

Soft Skills: Teamwork, Time Management, Critical Thinking, Attention to detail, Adaptability

Language: English, Hindi, Marathi

PROJECTS

CityFix App Concept | UI/UX Design

In Progress

- Conceptualized and developed the **CityFix** user interface for reporting and managing city infrastructure issues.
- Created reusable **components, variables, and styles** in Figma to maintain design consistency.
- Conducted **user research** and translated insights into actionable **user flows** and **personas**.
- Designed and iterated **low-to-high-fidelity prototypes** in **Figma**, improving usability across **citizen, staff**, and **admin** roles.

S.T.Contact Page | UX/UI Design

sep 2025

- Redesigned the **Contact Us page** of Somvanshi Technologies website to address key **UX gaps**.
- Identified and resolved usability issues:
 - * Phone number field had an unnecessary increase/decrease option.
 - * Field allowed entering **negative numbers**, leading to confusion.
 - * Missing **country code selector** (+91, +1, etc.), limiting accessibility for global users.
- Delivered improved **wireframes and high-fidelity prototypes** that enhanced clarity, accessibility, and overall user flow.

HempHop Product Page Redesign | UI/UX Design

current

- Conducted **user research** to identify gaps in product discovery, navigation, and checkout flow.
- Ensured **visual consistency** across sections (e.g., “Most Popular,” “You may also like,” and “Frequently Bought Together”).
- Created **high-fidelity prototypes** in Figma, aligning with brand guidelines while focusing on improved **user flow**.

EXPERIENCE

UX/UI Designer Intern | Somvanshi Technologies

current

- * Worked on redesigning key pages including the **product page** and **landing pages**, focusing on enhancing **user experience and engagement**.
- * Conducted **user research** and analyzed feedback to identify pain points in navigation and usability.
- * Created **wireframes and high-fidelity design** to improve user flows and streamline task completion.
- * Collaborated with developers to ensure smooth **handoff of designs** and consistency in implementation.

EDUCATION

B.R.A.C.T.'s Vishwakarma Institute of Information Technology

Pune, India

B.Tech in Computer Science and Engineering
